EDUCATION

New York University, Tandon School of Engineering

Bachelor of Science in Integrated Design and Media, Minor in Technology Management and Design

Brooklyn, New York

May 2028

PROFESSIONAL EXPERIENCE

Oasis Peer Mentoring Program

March 2026 - Present

- Guide incoming and transfer students adjusting to academic and social life at NYU
- Provide mentorship and resources to campus integration

Data Processing Assistant at National Yang Ming Chiao Tung University

June 2023 - August 2023

Technology: LiDAR, GPS, RADAR, Camera, 4D Radar, Visual Studio Code, Google Sites, Microsoft Word

- Shadowed Professor Chieh-Chih Wang and graduate students
- Assisted graduate student, Ke Xuan Wang
- Attended weekly meetings to discuss progress and updates on projects completed by graduate students
- Researched Self-Driving Car Technology

Intern at National Synchrotron Radiation Research Center

June 2022 - July 2022

Technology: Laser Machinery, Microsoft Excel, Nanoscale Microscope, Microsoft Powerpoint

- Shadowed Dr. Lai-Chin Wu, Assistant Research Scientist
- Researched Crystallography and Symmetry; Development of Crystal Refinement
- Presented report to graduate students to teach the basics of mounting and cutting nano crystals
- Conducted Micro Laser Cutting Project, experimenting with the effects of laser power, wavelength, duration, focus, and control by measuring the diameter of holes cut through a nanoscale microscope

Middle School Physics Teaching Assistant – Assistant & Classroom Support

June 2020 - September 2020

- Assisted in teaching 13 chapters by making presentation, worksheets, homework, test, finals, and grading the assignments

LEADERSHIP

Vertically Integrated Project | Making Fashion Accessible – Ability Project Tool Library Leader

January 2026 – Present

- Manage project website and maintain digital documentation of 3D-printed assistive tools
- Track weekly production and testing of accessibility tools created through 3D printing
- Coordinate team tasks and support members with technical and design challenges

Czech Exchange Program – Delegate

September 2021 - June 2024

- Led and organized the team to collaborate and meet deadlines to engage in cultural discovery
- Hosted and guided Czech exchange students for a week, whilst maintaining 10+ connections over the course of 3 years
- Represented my school in Taiwan by producing videos for presentation submissions and writing for the school-wide newsletter

DESIGN & MEDIA EXPERIENCE

The Hsinchu City Taiwan Model United Nations – Press & Layout Designer

May 2022 – December 2022

- Designed conference publications including magazines and promotional materials
- Produced layout and visual assets using Adobe design tools

VOLUNTEER WORK

Student Teaching English Program – President

September 2018 - June 2024

- Won the 24th Taishin Youth Volunteer Elite Award for Community Service
- Organized biannual overnight teaching camps, seasonal kindergarten and elementary department teaching trips
- Introduced biweekly tutoring sessions with non-native English speakers and started letter exchange programs
- Worked closely to assist 3 special need students and built member's Chinese speaking and teaching abilities

Terra NYC STEM Fair 2025 Finals Round – Volunteer

March 2025

AWARDS & RECOGNITION

- 2023 Kuang-Tien International Texas Instrument Graphic Design Award
- 2023 School-Wide Field Day Graphic Design Excellence Award
- 2022 Graduation Design Contest Runner Up

IBSH Robotics Team & Club – President

September 2019 - June 2024

- Won 2023 PAS-VEX VRC Signature Inspire Award, 2023 First Lego League Robotics Competition Core Values Award, 2021 VEX Robotics Competition Innovative Award, 2020 Asian Robotic Athletic Competition Excellence Award

TECHNICAL & DESIGN SKILLS

Abilities & Tools: Python, HTML, CSS, JavaScript, Java, Adobe InDesign, Adobe Premiere Pro, Autodesk Fusion 360, Microsoft Office

Relevant Graduate Coursework: Ideation & Prototyping, Introduction to Web Development, Creative Coding, Problem Solving via Programming, Still & Moving Images, Visual Foundation Studio, Audio Foundation Studio, Entrepreneurship, Design Strategies
